Community Awareness

On the evening of 30 June four US children were apprehended for allegedly dropping rocks onto a highway from a bridge. Fortunately, there were no injuries or property damage. This incident brings back memories of a similar incident in Darmstadt three years ago. The event caused host nation relation challenges and had significant consequences for those involved. As a result of this incident, recognizing safety, international relations and judicial implications are important.

Contract Award Announcement Additions and Alterations to Commissary Baumholder, Germany

The Defense Commissary Agency (DeCA) is pleased to announce the award of a contract to construct additions and alterations to the existing Commissary at Smith Barracks, Baumholder, Germany.

The contract was awarded on July 16, 2003 by the German construction agency, Landesbetrieb Liegenschafts- und Baubetreuung (LBB) Idar-Oberstein, at a total contract price of 2,873,277 euro (\$3,200,000) to the German firm P.A. Budau GmbH & Co. KG, Idar-Oberstein. The award was based on an evaluation of five bidders, with the award going to the responsive/responsible bidder offering the lowest price. LBB Idar-Oberstein will administer the contract and provide construction inspection services. The U.S. Army Corps of Engineers, Europe Division (EUD) will provide construction management support for DeCA, with technical support provided by DeCA's European Region at Kapaun Air Base, Germany and DeCA's Design and Construction Division at Lackland Air Force Base, San Antonio, Texas.

The project includes major renovation of the existing facility and a 2,000 square foot expansion of the sales area, with the completed store totaling 33,000 square feet. The improvements will be constructed in phases, with the store remaining open for business throughout the construction period. The completed facility will showcase the latest DeCA Image Décor and will include a modern International Bakery/Delicatessen and all new, state-of-the-art display equipment to enhance the overall shopping experience for the customers of the Baumholder Commissary.

The Pre-Construction Meeting is scheduled for July 21, with construction to start on August 18 and be completed August 25, 2004. The DeCA Engineering Business Unit would like to thank everyone involved in supporting the procurement and award of this important project.
